

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

Our family can not afford a cell phone and uses a TRAC phone. We only use it for emergencies, but cannot afford extra fees and taxes on the use of this product. Already we're paing about a \$1 a minute!!

These are mostly calls between our home and our son's high school.

I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF).

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. This is unfair -- expecially considering many low-income people use the trac phones.

I urge you to adopt the Fair Share Plan.

Sincerely, Nick Olsen Susan Froetschel (mom) Douglas Olsen (dad)
